For over 10 years the City of Bowling Green Department of Parks & Recreation has overseen a Memorial Tree Program that is available to all of the residents of our beautiful city and the surrounding region. To date over 180 trees have been planted and memorialized in our cities parks and cemeteries.

The Memorial Tree Program offers families the opportunity to remember their loved ones while enhancing the beauty of Bowling Green’s Parks and Cemeteries.

To participate, an individual selects the Memorial Tree Program option that is best suited to their needs and indicates the Park or Cemetery in which they would like the tree to be planted. The City Parks Arborist will provide information about available planting locations and proper tree species selection for the chosen site. The City Parks and Recreation staff will work to provide options that best suit the desired Memorial Tree planting while conforming to the City’s horticultural standards.

The best “Public Golf Course in Bowling Green”, this 18-hole golf course will challenge the skills of all players (new and beginners will find this a most enjoyable experience as well). CrossWinds has over 6500 yards of bermuda tees and fairways and bentgrass greens surrounded by some of the largest bunkers in Kentucky. CrossWinds Pro Shop is fully stocked to meet all your golfing needs. Sitting in the heart of Bowling Green, this golf course rivals all courses within this region of the U.S. You want the best, you want Crosswinds!

Walk Your Way into Kummer-Little ~ Jenna Smith

People often think “I’d love to get more active,” but their daily routines never seem to change. New Year’s resolutions are made at the start of each year, workout routines are contemplated at each approaching swim suit season, and diets are established at each upcoming holiday season. With so much thought put into staying fit and being active, why then, do many people not keep up with their optimistic goals?

Maybe it’s a lack of motivation, or even a lack of true desire to change, but maybe it’s just simply not being aware of what resources are available in the community. The Bowling Green community is rich with resources to release some energy. How do you choose?

At the swipe of a card, which only costs $2 for an entire calendar year, you can gain access to the Kummer Little Recreation Center. Here you will find two full-sized high school regulation basketball courts so shiny you can almost see your face reflected in them. People of all ages can join in to play an exciting game of pick-up ball or simply to work on their skills.

If basketball isn’t your style, you can also climb the stairs, or hop on the elevator, to use the walking track. The state of the art walking track is made with flooring that allows a little bit of give that mimics running outside without the harsh-ness of weather. With 12 laps equaling a mile, you can quickly walk or run your way to a more active lifestyle.

The Kummer Little Recreation Center is located at 333 College Street and is open from 7 a.m. through 6 p.m. Monday through Friday, except on holidays. To best serve our community, the Kummer Little Center will close down the Friday before Memorial Day through the middle of August for summer programs and floor maintenance. At that time, you are encouraged to explore the many outdoor locations that Bowling Green Parks and Recreation has to offer.

Take a step in a fit direction today and sign up for one of the most affordable recreational facilities in the Bowling Green area.
